

AHFoZ ANNUAL ALL STAKEHOLDERS' CONFERENCE ON HEALTH 2023

**6 – 9 SEPTEMBER 2023
ELEPHANT HILLS RESORT
VICTORIA FALLS**

HEALTHCARE AT TURNING POINT....

ABOUT

The AHFoZ Annual All-Stakeholders' Conference on Health is a platform through which stakeholders from a diverse background in healthcare supply chain meet to discuss issues trending in the healthcare sector such as innovations, new trends, emerging issues, and challenges among other things, with a view to brainstorming and tap into the collective genius to map a way forward. The conference provides an opportunity for professionals' Continuous Professional Development and networking opportunities to share notes. As usual, it is expected that, the conference will attract among others; local, regional and international healthcare service providers, healthcare funders, Government authorities, employers, employees, Academia and corporates. Since health matters cut across the entire population; the conference is open to any organisations or individuals who may wish to attend.

The 14th edition of the AHFoZ Annual All-Stakeholders' Conference on Health will be held from 6-9 September 2023, at Elephant Hills Resort, Victoria Falls. The Conference will be running under the theme "**Healthcare at Turning Point**".

Health is the first wealth! Every economy requires a population that is in a good state of health and wellbeing, such that people live productive lives and can ably contribute to the country's GDP. There will never be a time when discussions on health related issues can be exhausted. This is because, some issues are emerging issues as healthcare needs are evolving, disease patterns are changing, some being impacted by various aspects, including social factors and Climate change, as well as changes in health seeking behaviours among others. Some issues required continued conversations until they have been achieved. Among other issues, the issue of Universal Health Coverage should be kept alive until the goal has been attained, in line with Sustainable Development Goal 3.8.

The very enriching program line up will have presentations by local and international experts on specific subjects. The conference will start with a Golf Day tournament on the arrival day. Other activities include a Recognition Awards Ceremony and Dinners among others.

Sponsorship packages are available for organisations wishing to reach out to this audience.
